deliverance

Hate doing the groceries? Log onto www.colesonline.com.au and let your mouse finger do the hard work for you! Browsing the virtual aisles is fun, and saves you dodging wayward trolleys and screaming kids. I also like the handy little sidebar tally that shows your bill amount as you shop. Delivery starts from as little as \$5, with a variety of drop-off times available.

hard to resist

Looking for a unique gift but don't have time to trawl boutiques all day long? Log onto hardtofind.com.au and check out the range of premium homeware brands. The Bride & Wolfe bird and animals wall hanging in red (pictured), \$119, is on my Christmas list!

kitchen wizz

Retro-style kitchen mixers have made a huge comeback, and the Breville Wizz Mix Professional is right up there with the best of them. Driven by a powerful 700W motor, the Wizz Mix Professional mixes, whips, beats and kneads with gusto, and is far too good-looking to hide in a cupboard! RRP \$349.95. Available from electrical retailers and department stores.

flower power

Check out the range of cute new Botanic personal organisers from Filofax. Made of heavy cotton twill-like fabric with bright botanical prints perfect for summer, they're great Christmas stocking fillers. Priced at \$69.95, they're available from Dymocks, Borders, Myer and David Jones.

pocket pick

Here it is! The perfect gift for that exceedingly hard-to-buy-for person on your Christmas list. The super stylish Mondaine Evo Pocket Alarm comes beautifully presented in a red leather pouch and bears the iconic Mondaine dial fashioned after the original Swiss Railway Clock. RRP \$400.

Available from New Farm Editions p 3254 2122
and Ollie & Lloyd, The City p 3012 7222

hangers on

Transform dull walls with the new Butterfly coat rack by Ute Design. Aesthetically beautiful and very functional, the powder-coated aluminium racks are great for displaying hats, coats and scarves but look just as good when they're empty. RRP \$129

yellow yule

Thinking of buying a white Christmas tree? Be warned – when exposed to sunlight, your white tree may yellow. I just unpacked mine, which I bought last year, and even though I stored it in black garbage bags in a dark closet, the "leaves" have discoloured significantly. If anyone has any tips on how to keep them sparkling white, drop me an email!
